Dear Parent,

Greetings from NAWIS!

October was a month filled with excitement and learning for our little ones.

The Kindergarten children participated in various enriching activities that encouraged creativity, curiosity, and collaboration.

The month's highlights included Teachers' Day celebration, PTM interaction, International Space Day, a vibrant Kindergarten Assembly, the inauguration of our AR/VR Lab and the much-awaited STEAM Expo, where children showcased their innovative ideas with great enthusiasm.

Each event provided valuable learning experiences, helping our young learners grow in confidence and joy.

CLOSING WORDS

CIRCLE TIME

During Circle Time, Pre-KG children actively listened and followed actions with enthusiasm. They shared about their favourite toys and discussed how they take care of themselves. The little ones joyfully followed game instructions, talked about what they'd like to be in a garden, and shared thoughtful ideas on keeping their classroom clean.

LKG children learned the importance of good manners and polite expressions. They greeted others with a smile and practiced using words like hello, please, sorry, thank you, and welcome. Children shared how to ask for things, respond politely, do tasks independently, and discussed ways to keep their classroom clean and tidy.

UKG children engaged in meaningful discussions about teamwork and responsibility. They shared ways to work in groups, take care of friends, and follow rules during outdoor visits. The children also talked about caring for their classroom, sharing things equally, and learned safe practices for getting on and off the bus.

THEME TIME

During Theme Time, Pre-KG children explored the world around them through fun, hands-on activities. They pointed to pictures of toys in a story, played “I Spy” to find toys, and named things seen in a garden. The little ones enjoyed touching and sorting objects, guessing insect names, and pretending to be tiny insects buzzing around.

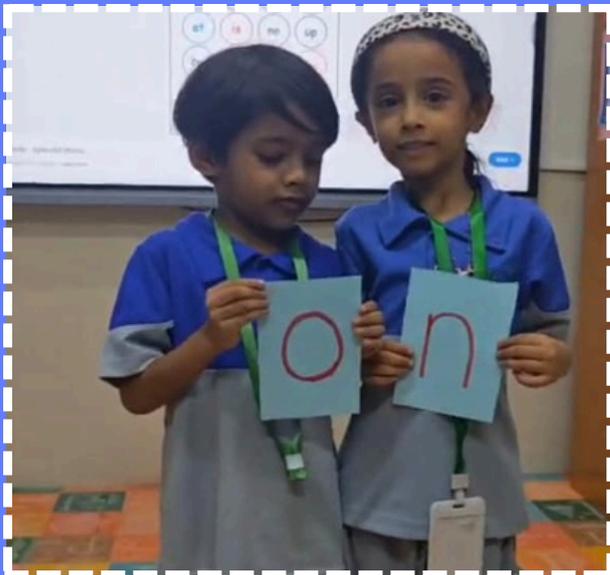

LKG children learned interesting facts about plants and their importance. They observed different flowers, identified pictures of plants, and discussed how plants differ from one another. The children also named various food items, discovered where fruits and vegetables come from, and joyfully prepared a healthy and delicious sandwich.

UKG children explored the fascinating world of garden animals and plants. They discussed the special body parts of garden animals, named their homes, and shared ways to stay safe around them. Through storytelling and pretend play, they answered questions, acted out growing from a seed into a plant, and joyfully became little gardeners.

ENGLISH TIME

Pre-KG children enjoyed singing action songs and exploring letters through engaging English Time activities. They pointed and traced pictures beginning with the letter K, answered questions from picture cards, and practiced tracing the letter M. The little ones also drew curves on sand and confidently wrote the letter N with enthusiasm.

LKG children had fun exploring language through interactive English Time activities. They used question cards to ask about the story, played Bingo and a letter sound game, and participated in a quiz. The children described different feelings, named pictures beginning with N and W, and practiced tracing the letters V and W with confidence.

UKG children enhanced their language skills through engaging English Time activities. They retold the story "Grasshopper's Winter" and joyfully pretended to act like garden animals. The children listened to a story with the bl-sound and practiced making words beginning with the sounds br- and gr-, building confidence in phonics and storytelling.

MATH TIME

Pre-KG children explored numbers and positions through fun Math Time activities. They counted objects for the number 4 using play dough and enjoyed listening to the story "Ron is Waiting." The little ones traced the number 5, counted objects to tell how many, arranged items to show position words, and happily read a poem about kittens.

LKG children strengthened their math skills through engaging hands-on activities. They built towers with six blocks, drew six trees, and practiced writing the number 6. The children compared long and short objects, identified and showed the number 7, and confidently counted and wrote the number 7 with understanding and accuracy.

UKG children explored number concepts through exciting Math Time activities. They learned about more than and less than, solved simple problems, and practiced reading and writing number names from 1 to 10. The children played a fun number butterfly game, built block towers while counting to 30, arranged number cards in order, and counted forward and backward with confidence.

PLAY TIME

Pre-KG children had an active and joyful Play Time filled with fun motor-skill activities. They pedaled around buckets, threw balls at targets, and carefully put pegs into holes. The little ones balanced as they walked on a curved line and enjoyed playing the tiptoe game, building coordination and body control through play.

LKG children enjoyed exciting Play Time activities that strengthened their gross and fine motor skills. They rolled on the ground, practiced cutting paper along straight lines, and hopped forward and backward with enthusiasm. The children also ran and made turns confidently, showing great energy, balance, and coordination during play.

UKG children had an energetic and fun-filled Play Time. They practiced throwing and catching a ball, improving their hand-eye coordination and control. Through these playful activities, the children developed focus, teamwork, and confidence while enjoying every moment of active learning.

ART TIME

Pre-KG children expressed their creativity during Art Time through fun, hands-on activities. They made new shapes by folding paper, decorated the shapes using colorful blocks, and joyfully squeezed clay with a squeezer. These activities helped enhance their fine motor skills, imagination, and love for creative exploration.

LKG children enjoyed engaging Art and Life Skill activities that promoted independence and coordination. They participated in a fun cutlery activity, practiced catching a large ball, and learned to use a zipper on their own. The children also folded a napkin into a neat triangle, showcasing growing confidence in everyday skills.

UKG children showcased their creativity and focus during Art Time. They created beautiful artworks using colourful circles and practiced colouring neatly within the lines. These activities encouraged careful hand control, creativity, and attention to detail, allowing the children to express themselves artistically with confidence and joy.

SPECIAL EVENTS

PTM

The Kindergarten Parents Teachers Conference Term 1 (Part 2) was held on Saturday, 11th October 2025. The meeting provided an opportunity for parents and teachers to discuss each child's progress, strengths, and areas of growth. It fostered meaningful collaboration between home and school to support every child's learning journey.

OCTOBER FRUITS CHALLENGE

The October Fruits Challenge was successfully completed with enthusiastic participation from our little ones. Children brought one fruit each day, enjoying a variety of healthy choices. A big thank you to all the parents for their consistent support in encouraging healthy eating habits and making the challenge a great success.

TEACHERS DAY /

INTERNATIONAL SPACE DAY

International Teachers' Day was celebrated on October 9th 2025 with great enthusiasm. Children came dressed in vibrant coloured outfits and participated in a special assembly conducted by them. The celebration was filled with joy, songs, and heartfelt wishes, expressing gratitude and love for their teachers who make learning a wonderful experience every day.

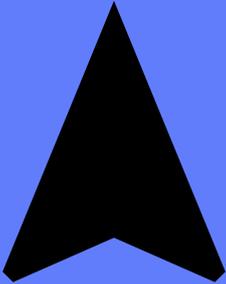

International Space Day was celebrated on October 9th, 2025 with great excitement. A special drawing competition was conducted, where children creatively illustrated space elements like planets, rockets, and astronauts. The event inspired curiosity and imagination, encouraging young learners to explore the wonders of space and science.

KG ASSEMBLY

The KG Assembly was presented by UKG A on October 21st, 2025, on the theme Friendship. Children confidently shared the word of the day, thought of the day, speech, and poem, and concluded with a delightful friendship song and dance. Their performance beautifully highlighted the value of friendship and togetherness.

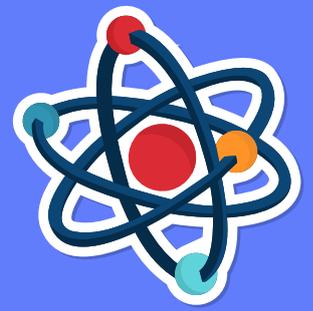

AR / VR LAB

The Inauguration of the AR-VR Lab was held on October 26th, 2025. The school proudly announced the launch of this innovative programme, becoming the first to introduce such technology for students. This initiative opens new doors for immersive learning experiences, bringing the world of AI and virtual reality into the classroom.

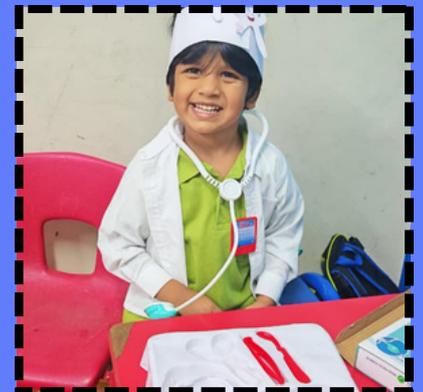

STEAM EXPO

The STEAM Expo was held on October 30th, 2025, at the Girls Campus from 4:30 p.m. to 7:30 p.m., showcasing projects from KG to Grade 12. The event truly reflected the theme “Where curiosity meets creativity and innovation begins.”

Children explored the integration of Science, Technology, Engineering, Arts, and Mathematics through engaging exhibits. Pre-KG focused on the effects of healthy Food and unhealthy food, LKG A showcased “Brushing my Teeth”, LKG B presented “Germ Busters” and explored about germs and staying healthy, UKG A presented “Sleep Detectives”, where they explored the importance of sleep, UKG B presented “Hydration Nation”, a journey through the role of hydration in our lives, and UKG C focused on Healthy Physical Exercises. The expo was a vibrant display of creativity, learning, and innovation.

UPCOMING EVENTS

COMING
SOON

- 6th November 2025 - Colour Dress Day
- 16th November 2025 - Children's Day Celebrations
- 20th October 2025 - Annual Sports Day KG to Grade 12

REMINDERS / REQUEST

- Regular attendance is essential for your child's smooth learning experience and to prevent gaps in the learning progress.
- Regularly check the school diary or the class WhatsApp group for important school communications.
- Inform your child's class teacher promptly via WhatsApp or phone call if your child needs to be absent from school.
- Requesting parents to ensure that their child arrives at school on time. Students arriving later than 7.45 a.m. will be marked absent for the day.
- Children should wear their ID cards to school every day.
- Children should maintain cleanliness by regularly trimming their nails.
- Monthly Newsletters of Kindergarten will be available on the school website. Please visit the school's website for regular updates.
