ADMISSIONS 2021-22

Dear sir,

Greetings from New Al Wurood family!

It gives us immense pleasure to share with you that despite the challenges of Covid 19, the school has taken major strides in academics and co-curricular areas. With your support and cooperation we could continue the teaching learning process on virtual mode with high degree of excellence and connect well with the students and parents. We constantly update the best practices, events and achievements of our school through print and social media for the benefit of parents in particular and larger community in general. Kindly share the same with your friends and colleagues so that the access and opportunities of best quality education is available to all.

We gratefully acknowledge the understanding and support received from you amidst the Covid 19 challenge and helping us in establishing NAWIS as an Institution of repute. Thank you for constantly supporting us in every step we take and let's continue this glorious journey together.

Children are the raison d'etre of a school and their learning experience is what matters the most. It would be wonderful if we could meet and we would love to listen to your ideas and suggestions to make the NAWIS learning experience even better in the days to come.

As registrations and admissions for the academic year 2021-22 have already commenced, we request you to make use of the best opportunity and enroll the siblings from your family at the earliest. Also, we would appreciate if you could extend this opportunity of experiencing the top quality education to your friends and relatives too.
